

***“I saw my way  
to the South Pole  
thanks to Accuvision!”***

## **The day Tess Burrows, Antarctic explorer changed her life...**

When Tess Burrows decided to race to the South Pole in January as part of Team Southern Lights, she knew she needed to lose the contact lenses and glasses that had plagued her on so many expeditions before. Accuvision laser eye clinic were able to give her crystal clear vision so that Tess no longer had to worry about replacing contact lenses in freezing conditions. You don't need to go to extremes to clearly see the benefits of laser eye surgery – see your way to a clearer future with Accuvision laser eye clinics.
